ABOUT

Bessan Global is an international trade and investment company operating with a refined commercial vision focused on building long-term strategic partnerships and connecting high value resources with markets that truly recognize their worth.

Rooted in Africa and operating from Sudan, Bessan Global serves regional and international markets with a disciplined, standards-driven approach. We believe that trade is not merely the exchange of goods, but a responsibility built on trust, reputation, and consistency over time.

Through selective partnerships, precise execution, and strict adherence to international standards, Bessan Global delivers reliable, sustainable, and value-driven trade solutions across borders.

VISION

To become a trusted and leading global trade partner in connecting resources to international markets with efficiency, integrity, and sustainability.

MISSION

To deliver integrated cross-border trade and investment solutions based on quality, transparency, and long-term strategic relationships, while creating sustainable value for all stakeholders.

VALUES

Trust

The foundation of every partnership we establish and maintain

Professionalism

Disciplined execution, structured processes, and informed decision-making.

Quality

Commitment to international standards across sourcing, logistics, and delivery.

Commitment

Consistency in performance, timelines, and contractual obligations

Sustainable Partnerships

Long-term relationships built on mutual growth and shared success.

OUR SCOPE OF BUSINESS

Integrated Cross-Border Trade Solutions

At Bessan Global, we do not simply trade products, we build value chains that connect producers to global markets.

1. International Trade: Import & Export

- ✔ Export of agricultural commodities and natural resources from Sudan and Africa
- ✔ Trade and sourcing of gold, minerals, and raw materials in compliance with legal and regulatory frameworks
- ✔ Import and export of food products, manufactured goods, and industrial inputs
- ✔ Supply of building materials, machinery, and equipment for development and infrastructure projects

2. Agriculture & Agricultural Investment

- ✔ Development and management of agricultural projects
- ✔ Contracting with farmers and producers
- ✔ Sorting, processing, packaging, and export in accordance with quality standards

3. Logistics & Supply Chain Solutions

- ✓ International shipping and transportation management
- ✓ Coordination with ports, customs clearance, and regulatory authorities
- ✓ Efficient logistics solutions designed to reduce cost and enhance operational efficiency

4. Contracting & Supply

- ✓ Supply of materials and equipment for government and private sector projects
- ✓ Management and execution of construction and infrastructure-related supply operations

5. Expansion & Strategic Partnerships

- ✓ Representation of foreign companies in regional markets
- ✓ Establishment of international offices and branches
- ✓ Joint ventures and strategic investment opportunities
